There are two methods of voting and you can vote only once per method.

To vote at a branch visit:

CUA Figtree

Branch address
23 Princes Hwy,
Figtree, NSW

Paul Michlmayr
Area Manager

To vote online visit:

cuacommunitycare.com.au

All schools participating in the CUA Community Care Grant Program have registered to participate in the *adidas School Fun-Run*, a healthy fundraising alternative to traditional chocolate drives.

CUA Community Care Grant Program is an extension of CUA's long standing partnership with the *adidas School Fun-Run* program. For more information visit schoolfunrun.com.au

Community Care 2014

At CUA we recognise that choosing a healthier option is not always an easy choice. That's why we're taking our partnership with the *adidas School Fun-Run* a step further in our quest to give schools a healthy fundraising alternative to traditional chocolate drives.

\$5,000
COMMUNITY GRANT

CUA is now inviting selected schools that participate in the fun run to apply for a

community grant of \$5,000 to put an idea for positive change into action.

We believe the community knows best when it comes to your local needs. So we are giving you the opportunity to vote for the local school project that you think will best make a difference in your local community.

Select a school project

Here are the list of participating schools and their project ideas.

Help us decide by voting for the school project that you believe will create a positive change. Voting is easy.

Appin Public School

Fast Track with Technology at Appin

The school's current computer lab contains 30 desk top computers which are all out of warranty and quite slow and unreliable.

Cedars Christian College

Community Vegetable Garden

Build a large vegetable garden to be used by the college community.

Corrimal East Public School

Corrimal East Goes Mobile

A mobile lab will provide choice & mobility in learning, maintain engagement, encourage problem solving and prepare our kids for the future.

Craig Davis College

YOTS Veggie Garden Rejuvenation

The school would like to rejuvenate an existing garden area that is run down and turn it into a community garden and nursery.

Figtree High School

Vertical Garden & Outdoor Bistro Improvements

Establish a vertical herb garden and beautify our outdoor Bistro for school and community use in our entertainment precinct.

Five Islands Secondary College

Living Classroom Gardens

The Living Classroom Gardens will have multiple functions. In particular the Gardens will assist in involving disengaged students.

Para Meadows Special School

Outside Fitness

Introduce fitness equipment into our playground, providing students with the chance to practice activities on a daily basis.

Primbee Public School

Outdoor Learning Environment

We would like to have an outside area as a multipurpose learning space.

Kemblawarra Public School

Spruce-A-Stage-A-Star-is-Born

Build a new stage to meet our school's growing needs, where our students are encouraged to shine.

Tarrawanna Public School

iPads for Tarrawanna

Due to the size of our school, funding is difficult to obtain for expensive items such as iPads. This puts us at a disadvantage in the new learning space.

Wollongong High School

Imagine, Create & Innovate with 3D Printing

Imagine, Create, Innovate: 3D Printing to develop the next generation of makers and tinkerers.
